THE WEBBER INDEPENDENT SCHOOL

Achieving Excellence Together

08 February 2017

Dear Parents and Guardians

Ace Your Exams; Elevate Education Study Skills Seminar for Parents
Monday 27 February 2017 6.00pm-8.00pm

We would like to invite you to attend the Elevate Education Study Skills Parent Seminar 'Ace your Exams' on Monday 27 February at 6.00pm in the Sixth Form Study Centre.

The aim of this session is to share with you the key learning points that we will be presenting to all Year 10-13 students on Monday 27 February in their 3 workshops.

The thinking behind this is to share with you the key messaging that we will be giving the students so you can re-enforce this at home and are fully aware of what are expectations are and how you can support your child at home during this very stressful time of examinations and stay sane!

The aim of the student sessions is to get them revved up, motivated and very focused on what they should be doing over the upcoming weeks in terms of examination review and revision techniques, timetable, tools etc to maximize study time. Using this time effectively can make all the difference to the final grade outcomes in the run up to the external examination season.

The external presenters Elevate Education deliver the same messages we have of course been sending in school and that you no doubt have been telling your child at home too.

The impact however comes in the vehicle of the message when it is delivered by an external provider who works with the most successful university graduates on how they study to gain success.

Please join us to hear the message!

The workshop will include:-

- How to set (or reassess) short term goals for the final examinations
- How to work effectively during the examination period itself
- Holiday work and how to avoid putting it off
- Social media, music and the impact
- The importance of sleep and what bad sleep patterns do to productivity
- Allocation of study time
- Exam room techniques including stress management, planning, time allocation and how to tailor a succinct, focused answer

Soskin Drive, Stantonbury Fields, Milton Keynes MK14 6DP
